Dear Mr. Price,

**BEFORE**

In the days and weeks leading up to the April 4th launch date of the Abbie Ivery project, we anticipated providing services that included repairing failing electrical and plumbing services and renovating a bathroom for an elderly woman who takes care of adults diagnosed with autism.

As each day of the project unfolded, we all witnessed how those initial goals were transformed. McGarvey Development Company, with the help of many sub-contractors and industry professionals, made the impossible happen with a totally redone interior and exterior in just 14 days! With the help of many volunteers and companies, Abbie and her family were given a safe and healthy home in which to live. As an added bonus she received new landscaping, furniture, patio area and grill to spend quality time together. Absolutely Amazing!

**AFTER**

On behalf of the Builders Care Board of Directors and myself, I want to express our deep appreciation to you and your team for helping to make this project an enormous success. Your dedication to helping Abbie and the diligence of you and your team was abundantly evident. Without your help, this project would not have been possible. Your gift was truly what the spirit of giving is all about. We hope you will consider participating in projects in the future.

As a token of our appreciation, please accept this piece of memorabilia to remind you of how you contributed to improving the lives of the Abbie and her extended family. Thank you for your thoughtfulness, contributions and continued support.

Sincerely,

*Heidi L. Davis*
